A minimum of 3 dogs per class is needed for the class to be conducted

Call: 732.842.4949

**Puppy Basics:** 6 weeks- \$150+ tax

Puppy Basics covers potty training, nutrition, bite inhibition, and basic obedience including walking nicely on leash, sit, down, stay, come, and leave it/drop it. *(For puppies 10wk – 6 months old)*

**Adolescents:** 4 weeks- \$125.00

This class is designed to work on those 'nuisance behaviors' that drive you crazy. We'll focus on jumping, barking, digging, 'puppy crazies', walking on the leash and general rowdiness. We'll use positive techniques to re-direct these energies to better behaviors.

**Basics I:** 6 weeks- \$150+ tax

Basic I covers sit, down, stay (duration & distance), come, walking nicely on leash, leave it/ drop it and how to politely greet strangers. It also covers bad habits like jumping, mouthing, nipping, barking incessantly and anti-social behavior to other dogs or people. *(For dogs over 6 months old)*

**Basics II:** 6 weeks- \$150+ tax:

*For dogs that have completed Puppy Basics or Basics I, or another approved training program*

Basic II covers distractions, distractions, distractions. We teach you about control- how to achieve it, why it's important to your dog and how to get your dog to want to perform for you. Sit, down, stay, come and heel are reinforced with tons of distractions and distance. Some classes will be taught off-site at various locations that will be fun for you and your dog.

**CCG:** 8 weeks- \$200+ tax: *For dogs that have completed Basic II or other intermediate level training*

The program concentrates on the ten exercises required by the AKC for your dog to earn this certification. This is also the first step for therapy dog work. The class is intense but the reward is worth it. Week 8 is the test and certification.
